This is the Brand our grandparents drove. It's the Brand that started with humble beginnings but now boasts intense horsepower ratings and must-have technology. It's the Brand that doles out both style and power, and never makes you choose between the two. With more than 100 years under their belts, each vehicle in the 2017 Dodge lineup pays homage

to its iconic bloodline with award-winning features and superior craftsmanship. The powerful engines and bold exteriors of each vehicle beg to be taken out on the open road. The Dodge name continues to live on with the same determination that the Dodge brothers had when first creating the Brand. It's time to put the pedal to the metal and live fast.

*DOMESTIC. NOT DOMESTICATED.*  
**DODGE**

2017 DODGE DURANGO

Compromise. Sometimes that can be as bad as a four-letter word. At least that's how Dodge engineers see it. That's why Durango was created with an innate stubbornness. Under no circumstances do we believe impressive fuel efficiency — up to 26 mpg hwy\* — means sacrificing power. That spacious available seven-passenger seating means your gear feels the crush. Or that a vehicle with utility in its name can't coexist with plush, upscale interior details. When push comes to shove, Durango is all in with an incredible amount of horsepower capable of pulling an equally incredible towing rating, and plenty of technology to keep you entertained and connected, mile after mile. Without apologies, this is the 2017 Dodge Durango.

\*EPA estimated 19 mpg city/26 mpg highway with 3.6-liter engine (RWD), when properly equipped. Actual mileage may vary.

//// Durango R/T shown in White Knuckle with Brass Monkey Appearance Package.

## THE 7-SEAT CHARGER

**DODGE DNA RUNS DEEP** // Its capability and roominess qualify Durango as an SUV. But the available HEMI® engine under the hood gives it the iconic soul of a Dodge muscle car and churns out best-in-class V8 power<sup>[1]\*</sup>. The raw power lurking underneath isn't the only thing that separates Durango from the pack. Durango's armor is forged to highlight its athletic profile. It starts with a fierce split-crosshair grille filled with a modern mesh texture and a bulked-up hood with a powerful-looking profile. Striking projector headlamps with embossed Dodge logo, projector fog lamps and available LED daytime running lamps (DRLs) shine like crown jewels. Light up the night with a full-width LED racetrack taillamp and opt for available dual bright exhaust tips that remind those behind you why you're out in front.

//// Durango R/T shown in Bruiser Grey.

\*A note about this brochure: all disclaimers and disclosures can be found on the inside back cover.

# GET PERSONAL

**ALL SYSTEMS: GO //** Every Durango model features a standard seven-inch reconfigurable digital gauge cluster. From here you get real-time information on performance, available navigation and vehicle status in full color and with rich graphics. The customization is near limitless and programmable by you.

**UCONNECT® SYSTEM //** Engineered with technology, Uconnect brings a range of communication and entertainment services directly to Durango. Intuitive and customizable, available Uconnect systems include a touchscreen display up to 8.4 inches and steering wheel-mounted controls that operate features like a Bluetooth® enabled phone, Voice Command,<sup>2</sup> 3D navigation, HD radio, cruise control and more. Visit [driveuconnect.com](http://driveuconnect.com) for a list of available options.

**REAR-SEAT ENTERTAINMENT** // Opt for the Blu-ray™/DVD system and entertain rear-seat passengers via two nine-inch screens. The system keeps the peace between movie buffs and gaming fanatics with rear-seat HDMI/USB ports that let passengers tap into the entertainment system and use each screen independently of each other.

**GET THE JAMS PUMPIN'** // Opt for Beats™ Premium Audio and experience meticulously tuned music the way the artist intended it to be heard. The available system includes an additional 50 watts of power per channel, nine premium speakers, a 506-watt amplifier and a subwoofer.

//// Durango Citadel shown with Anodized Platinum Appearance Package (late availability).

## SEATING AND STORAGE **FOR MILES**

All up, all down or someplace in between — somewhere in Durango's 50 different seating configurations you're sure to find your sweet spot. Available seven-passenger seating includes a fold-flat front-passenger seat, 60/40 split-fold-flat second-row reclining bench seat with integrated padded center armrest with cup holders, and 50/50 split-folding third-row seats. Opt for cloth or heated leather-trimmed fold-flat second-row Captain's Chairs with soft-touch armrests and a floor-mounted mini console with cup holders for six-passenger seating.

//// Durango Citadel shown with Anodized Platinum Appearance Package (late availability).

# AWD

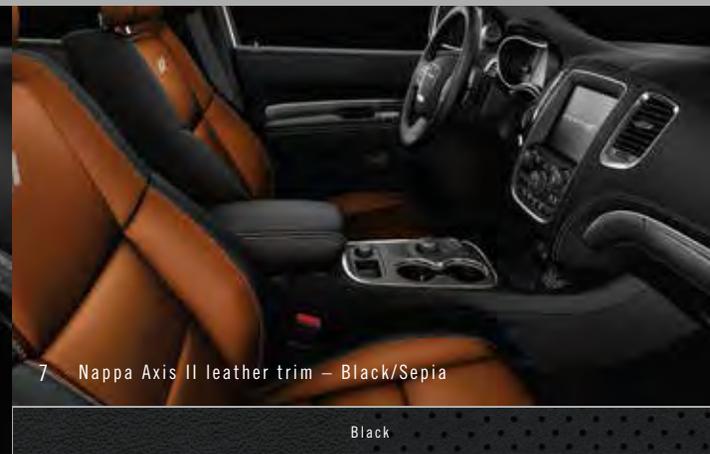

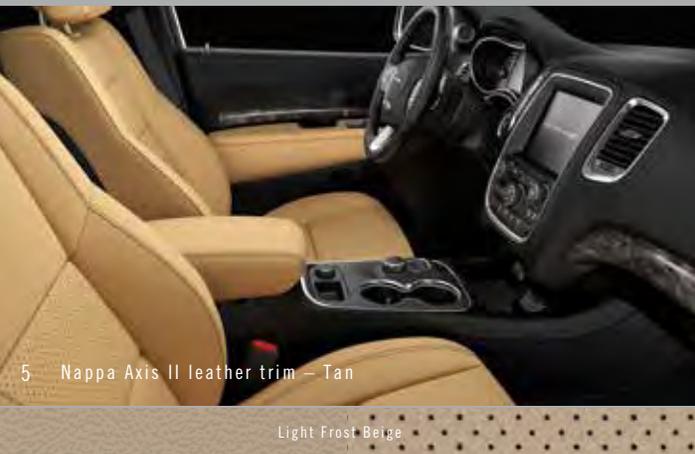

NICE TRY, MOTHER NATURE. NICE TRY.

**ALL-WHEEL DRIVE (AWD) //** Durango was designed for uncompromising and refined performance even in the worst conditions. Forge on in confidence with available AWD. The system helps enhance driver confidence by leveraging the SUV's 50/50 weight distribution. Durango offers two AWD systems — one for the HEMI® V8 and one for the Pentastar® V6-powered models — each one greatly enhances the vehicle's traction and handling by delivering a smooth driving experience over a wide range of road conditions. On V8 models, AWD includes a low range on the transfer case for extreme 4x4 situations.

2017 DODGE JOURNEY

It's time to take to the streets.  
To the trail that leads to the cabin on the lake. Or to the city that's been on the bucket list for years. It's time to get behind the wheel of a Dodge Journey and make the most of the everyday excursions as well as the ones you write home about. The power to explore comes from available all-wheel drive (AWD) and engine options that are as efficient as they are capable. And with available seven-passenger seating and loads of technology, there's room and entertainment for everyone. It's time to get up and go, your Journey awaits.

////// Journey SXT shown in Redline 2K with Blacktop Package.

## TAKE IT ANYWHERE

Urban chic or kick-back casual, you could say Journey is the new Black. It's jeweled wraparound headlamps, highly sculpted front fascia and split-crosshair honeycomb grille are perfectly suited for city streets. The rugged stance, five doors and available ring-of-fire LED taillamps make it ready for excursions that require more than an overnight bag.

Journey Crossroad is set apart by a robust exterior with unique front and rear fascias with Platinum accents, distinctive 19-inch aluminum wheels and a Gloss Black grille with fog lamp bezels. GT models wear their badging with 19-inch aluminum wheels, a monochromatic exterior and dual exhaust with bright tips.

////// Journey Crossroad Plus shown in Granite.

## ***ROOM FOR EVERYTHING BUT COMPROMISE***

The buck stops here. Journey's interior gives, never takes. It starts with must-have features like Dual-Zone Temperature Control, stadium seating, soft-touch surfaces, and flexible five- or seven-passenger seating. Opt for a 10-way power driver's seat including four-way lumbar adjuster, heated front seats and a full-circumference heated steering wheel for greater luxury. With 90-degree rear-door openings and available Tilt 'n Slide second-row seats, accessing the available third-row seats is effortless. A standard center console boasts 12-volt power outlets, a remote USB port, and auxiliary audio input and storage. An available 115-volt/150-watt two-prong outlet easily powers portable game devices or audio hookups. Second- and third-row passengers can access the available Rear DVD Entertainment System that features a nine-inch screen, premium speakers, two sets of wireless headphones and a remote control.

////// Journey GT shown with Black leather trim with perforated inserts and Red accent stitching.

The image shows the driver's side interior of a Dodge vehicle. The steering wheel is black with a silver Dodge logo in the center and has several control buttons on the left and right spokes. Behind the steering wheel is the instrument cluster, which includes a tachometer on the left, a central digital display showing '73°' and a message 'Press Brake Pedal and Push Button to Start', and a speedometer on the right. The center console features a large 8.4-inch touchscreen displaying a navigation map. Below the screen are physical buttons for climate and other functions. The gear shift is visible in the lower right, with a 'P R N D' selector. The overall interior is black with silver accents.

## INFOTAINMENT AMPLIFIED

Opt for the available 8.4-inch touchscreen. This screen features icons used for radio and SiriusXM® Satellite Radio<sup>[3]</sup> controls, personal devices like an iPod® or smartphone, climate controls, and available navigation and Bluetooth® compatible phones. Bring your own tunes via remote USB port with an iPod mobile device control or Bluetooth Wireless Streaming. Available hands-free calling<sup>[2]</sup> can be operated through steering wheel-mounted controls or the touchscreen. It's just that simple. Visit [driveuconnect.com](http://driveuconnect.com) for a list of available options.

////// FLEXIBILITY NEVER LOOKED SO GOOD

# VERSATILITY

**CARGO AREA** // // // // A standard hidden storage bin and access door to the tool and jack compartment are located behind the rear seat. When hauling gear is the priority, simply fold down the second- and available third-row seats for up to 67.6 cu ft of cargo capacity. Five-passenger models feature a tri-fold load floor with in-floor storage bin.

**DUAL IN-FLOOR STORAGE** // // // // The second-row floor provides even more clever storage. Two in-floor storage bins with latching lids can each hold up to a dozen 12-oz cans, plus ice. For added convenience, these bins have removable, washable liners so they're a snap to clean, and make the perfect tailgating accessory.

**FLIP 'N STOW** // // // // This available fold-flat front-passenger seat flips forward to reveal a bin ideal for concealing a camera or tablet.

**CENTER FLOOR CONSOLE** // // // // This deep, easy-to-access console features cup holders, 12-volt outlets, remote USB port, auxiliary audio input and out-of-view storage.

**STORAGE POCKETS** // // // // Found on all four passenger doors, molded storage pockets give you more places to stash your travel items, as well as 20-oz drink containers and more.

**SECOND-ROW INTEGRATED CHILD BOOSTER SEATS<sup>(4)</sup>** // // // // There's no need to fumble with bulky, heavy booster seats anymore. Opt for the integrated child booster seat<sup>(4)</sup> and you're good to go.

**REAR CUP HOLDERS** // // // // Cup holders conveniently located in the rear quarter trim panel accommodate 20-oz drinks or juice boxes. Two more cup holders can be found in the second-row fold-down armrest.

# PACKED FOR ACTION

- 1 // Spacious glove box
- 2 // Flip 'n Stow
- 3 // Center console storage
- 4 // Dual in-floor storage
- 5 // Cargo area storage

////// Journey GT in Billet.

## IT'S OUT THERE: GO GET IT.

Journey's confident swagger comes from its advanced automotive engine technology and the sure-footedness of available all-wheel drive (AWD). Journey helps you make the most out of your travels, without having to choose between performance and efficiency.

Journey offers two different but equally impressive powertrains. It starts with a responsive 2.4-liter DOHC 16-valve dual Variable Valve Timing (VVT) engine that produces 173 horses and generates up to 25 mpg highway.\* If a bigger performance boost is what you crave, step up to the available award-winning 3.6-liter DOHC Pentastar® VVT V6 engine. This powerplant is mated to a smooth-shifting six-speed automatic and delivers 283 horsepower and up to an impressive 25 mpg highway,† and allows you to travel over 500 miles on a single tank of gas.

Sometimes getting away from it all means taking a lot with you. Whether you're towing a boat or an ATV or hauling camping gear, Journey's measured muscle easily handles up to 2,500 lb when properly equipped. Standard Trailer Sway Damping<sup>[5]</sup> helps maintain control of the load being pulled.

Tackle Mother Nature's handiwork with available AWD capability. The system makes it easier to drive on snowy, wet or ice-laden roads. When the system senses wheel slippage, it immediately responds with a transfer of power to the rear wheels for a very noticeable uptick in driving performance.

\*EPA estimated 19 mpg city/25 mpg highway. Actual mileage may vary.

†EPA estimated 17 mpg city/25 mpg highway (FWD), 16 mpg city/24 mpg highway (AWD). Actual mileage may vary.

2017 DODGE GRAND CARAVAN

It's hard to remember what life was like before satellites bounced 150 channels into our homes, meals could be cooked within minutes and the World Wide Web could be accessed from the palm of our hand. It's also hard to remember what life was like before Dodge created the first minivan more than 30 years ago. But once built, families flocked. Weekend warriors arrived. Small business owners lined up. Today, Grand Caravan powers forward by offering drivers unlimited versatility and more than 55 standard and available safety, security and technology features. It holds a bounty of premium features and the latest technology. But most importantly, it holds the confidence of families, their hobbies and their livelihoods. In our opinion, nothing tops this original.

A silver Dodge Grand Caravan minivan is parked on a sandy beach. The liftgate is open, and the side doors are also open, revealing the interior. The background shows a clear blue sky, some trees, and a playground with colorful structures. A red and white striped beach towel is lying on the sand in the foreground.

# OPEN TO *ADVENTURE*

Regardless of where your travels take you, Grand Caravan gets you there with ease. Available dual power sliding side doors and an available power liftgate let you load your most precious cargo easily. Once inside, even a commute that used to feel more like a Himalayan trek becomes enjoyable thanks to plush surroundings and a bevy of standard and available entertainment features.

//// Grand Caravan SXT Blacktop shown in Billet.

4

GRAND CARAVAN: BECAUSE OUR LAWYERS COULDN'T SUBSTANTIATE MOST-AWESOME-MINIVAN-IN-THE-UNIVERSE.

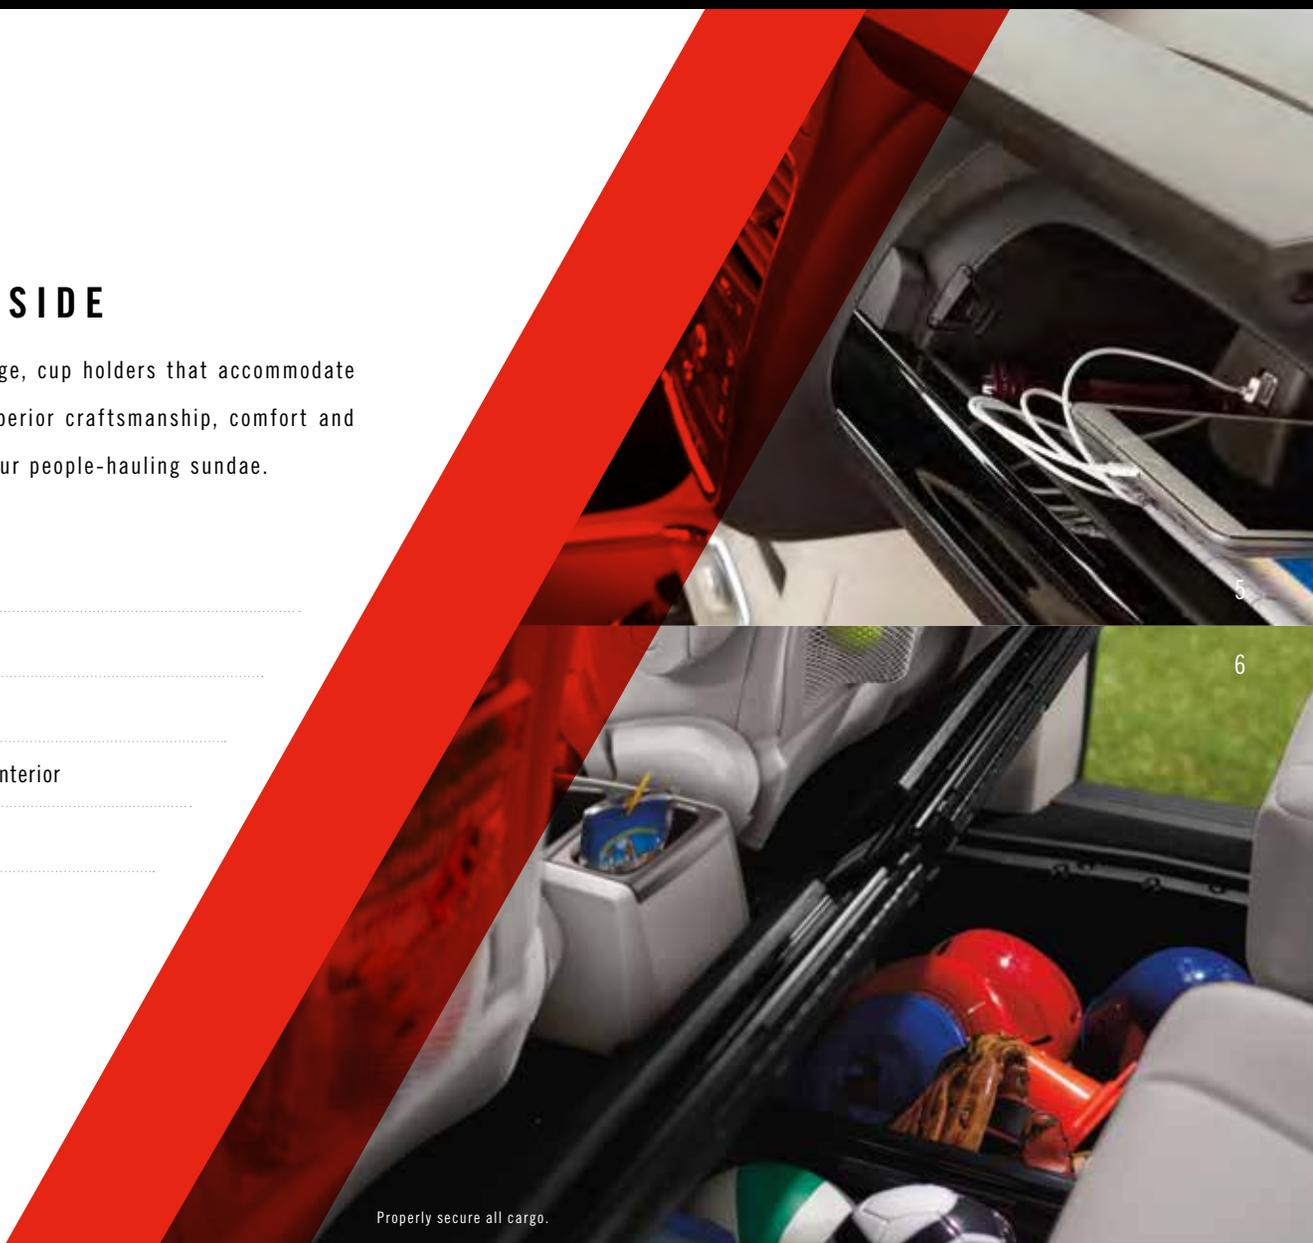

Properly secure all cargo.

## STOW 'N GO®: THE SURPRISE INSIDE

When you think minivan, you think flexible seating, tons of storage, cup holders that accommodate juice boxes and available dual power sliding side doors. But superior craftsmanship, comfort and luxury? Well that's Grand Caravan putting the cherry on top of your people-hauling sundae.

- 1 // Third-row Stow 'n Go floor storage
- 2 // Available second-row Captain's Chairs
- 3 // Premium Super Console
- 4 // Grand Caravan SE shown with Light Graystone cloth interior
- 5 // Available USB port in glove box
- 6 // Second-row Super Stow 'n Go in-floor storage

Properly secure all cargo.

## 81 DIFFERENT SEATING CONFIGURATIONS

////// This is true versatility. Flip, fold and tumble your way to the perfect interior without physically removing any seats. They're simply stowed in-floor. Go configure!

# 81

Where you go, what you do and who's with you today won't be the same tomorrow. That's why this interior has been designed to move, fold, tumble and stow. **Grand Caravan offers second-row Super Stow 'n Go® seats that fold into the floor to give you flexibility, easy access and a flat load floor for optimum cargo capacity.** In fact, there are 81 different seating configurations available on Grand Caravan.

Another storage system includes second-row in-floor storage bins. When Super Stow 'n Go seats are upright, travel essentials can be tucked away for uncluttered access to the third-row seats — making life easier, especially for those helping little ones into child restraint seats. The 60/40 split-folding Stow 'n Go third-row seats also fold into the floor bin with a few easy pulls on the conveniently numbered straps. When the vehicle is in Park, the seat can flip completely rearward for tailgate seating. It's no wonder Grand Caravan is adored by families everywhere.

## DRIVER-DRIVEN DESIGN

The back is where all the fun is for the littlest passengers, but the front is for adults only. There are soft-touch surfaces and must-have features at every turn, including different levels of available Uconnect® touchscreen systems. Uconnect features easy-to-navigate icons for radio and SiriusXM® Satellite Radio<sup>[3]\*</sup> controls, personal devices like an iPod® or smartphone, climate controls and available navigation. Visit [driveuconnect.com](http://driveuconnect.com) for a list of available options.

The instrument panel houses gauges surrounded by upscale touches of Chrome. Opt for the available full-circumference heated steering wheel for comfort in chilly climates. An available fully integrated Super Console contains four cup holders, two power outlets and covered storage to conceal your technology. This is the kind of smart, well-designed interior that outshines the competition.

\*First year of service is included.

//// Grand Caravan SXT shown with optional equipment.

## *EPICALLY AWESOME* MULTIMEDIA-VAN

Grand Caravan is the multiplex of minivans. It has all the technology that kids crave and adults aren't overwhelmed by. Opt for the available DVD player and watch the latest movies in high quality on the second-row VGA screen.

With the available DVD player and HDMI inputs, passengers have the ultimate choice in how they pass the time. They can watch a movie or even opt to connect their gaming system.

Rear-seat passengers can tap into the entertainment system via conveniently located ports, or charge their personal electronics.

Properly secure all cargo.

//// Grand Caravan GT shown with Torino leather-trimmed seats in Black with Red accent stitching.

//// Grand Caravan SXT Blacktop shown in Granite.

## *BORN* **ROAD-READY**

**AWARD-WINNING 3.6-LITER DOHC PENTASTAR® VARIABLE VALVE TIMING (VVT) V6.** Grand Caravan's confident swagger isn't just rooted in its safety and security. It's in its ability to tow up to an impressive 3,600 lb (when properly equipped). It's also found in the acceleration of the 283-horsepower 3.6-liter V6 engine. Advanced engine technology allows for a generous 25 mpg highway.\*

Grand Caravan's 3.6-liter V6 is also Flex Fuel-capable, offering consumers the choice of using either gasoline or ethanol (E85) fuel. The suspension tuning, an efficient and easy-to-operate gated shifter, and a fuel-economizer feature that alters shift patterns work together to boost overall ride quality and help improve real-world fuel efficiency. For a tighter-tuned ride, choose Grand Caravan GT. The GT's standard performance suspension offers increased damper force and higher spring rates for an exceptionally smooth ride and optimal cornering.

**283 HP // UP TO 25 MPG HIGHWAY\***

\*EPA estimated 17 mpg city/25 mpg highway. Actual mileage may vary. Properly secure all cargo.

# SAFETY & SECURITY FEATURES

**PARKSENSE® REAR PARK ASSIST<sup>[12]</sup> ////** When the vehicle is in Reverse, this system can sense objects at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring the vehicle to a stop. (Available on Durango.) For Journey and Grand Caravan, this available system detects objects within 6.5 feet of the backup pathway and provides both an audible chime and visual warning.

**RAIN BRAKE SUPPORT ////** When the windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard on Durango.

**BLIND SPOT MONITORING (BSM)<sup>[7]</sup> WITH REAR CROSS-PATH DETECTION<sup>[12]</sup> ////** Radar continually monitors rear vehicle blind zones and will visually and audibly alert the driver when a vehicle is sensed in the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available on Durango and Grand Caravan.

**ADAPTIVE CRUISE CONTROL (ACC)<sup>[13]</sup> WITH STOP ////** Helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available on Durango.

**FORWARD COLLISION WARNING (FCW)<sup>[14]</sup> WITH ACTIVE BRAKING ////** Forward-facing radar sensors detect when the vehicle may be approaching another object too rapidly and the system alerts the driver with both an audible chime and a visual warning. Available on Durango.

**PARKVIEW® REAR BACK-UP CAMERA<sup>[12]</sup> ////** This system displays an accurate visual reference of what is behind the vehicle when it's in Reverse. Available on Durango, Journey and Grand Caravan.

**READY ALERT BRAKING (RAB) ////** The system anticipates situations when the driver may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)<sup>[5]</sup> pump to precharge the brake system in order to decrease the time required for full brake application. Standard on Durango.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>[5]</sup> ////** This system is designed to assist drivers in maintaining control of their vehicle during extreme steering maneuvers. ESC<sup>[5]</sup> senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard on Durango, Journey and Grand Caravan.

**ALL-WHEEL DRIVE (AWD) ////** A system that automatically detects wheel-slip and sends additional power to the wheels with the most traction. Available on Durango and Journey.

**ANTILOCK BRAKE SYSTEM (ABS) ////** Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard on Durango, Journey and Grand Caravan.

**5 YEAR / 60,000 MILE<sup>18</sup>**  
**POWERTRAIN LIMITED WARRANTY**

[1] Based on 2016 *Ward's* Mid-size Sport Utility Vehicle. Excludes other FCA US LLC vehicles. [2] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit [UconnectPhone.com](http://UconnectPhone.com) for system and device compatibility. [3] SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at [www.siriusxm.com](http://www.siriusxm.com). All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. [4] For children 48 – 85 lb and up to 4'9" [5] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [6] The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [7] Always check visually for vehicles prior to changing lanes. [8] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit [UconnectPhone.com](http://UconnectPhone.com) for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit [UconnectPhone.com](http://UconnectPhone.com) for system and device compatibility. [9] WiFi subscription required. Vehicle must be registered with Uconnect Access and fulfill minimum subscription requirements. Vehicle must be properly equipped and in active and usable cellular range for WiFi usage. WiFi Hotspot does not enable direct communication between multiple in-vehicle devices. Factors affecting the performance of WiFi Hotspot include: cellular network, signal strength and quality, time of day, number of channels used by the service provider, type of connection, number of clients using WiFi Hotspot and client device. This feature is not intended for use by the driver while the vehicle is in motion. Always drive safely. [10] The 9-1-1 Call button will connect you directly with Emergency Assistance. If you accidentally press the button, you have 10 seconds to cancel the call by either pressing the 9-1-1 button on the rearview mirror or the Cancel button on the Uconnect touchscreen. [11] Provides direct-dial access to Roadside Assistance Service. Vehicle must be within the United States, have network coverage and be registered with Uconnect Access with an active subscription that includes the applicable feature. Additional roadside assistance charges may apply. Check warranty for details. [12] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving, always be aware of your surroundings. [13] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [14] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [15] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraints. [16] Uconnect Access is available only on equipped vehicles purchased within the 50 United States. Services can only be used where cellular coverage is available, see coverage map for details. For a complete list of Uconnect Access services, please visit [http://www.driveuconnect.com/features/uconnect\\_access/packages/](http://www.driveuconnect.com/features/uconnect_access/packages/). Vehicle must be registered for Uconnect Access and fulfill minimum subscription requirements. [17] LDW is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. [18] Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.
