

2017 DODGE DURANGO

This is the Brand our grandparents drove. It's the Brand that started with humble beginnings but now boasts intense horsepower ratings and must-have technology. It's the Brand that doles out both style and power, and never makes you choose between the two. With more than 100 years under their belts, each vehicle in the 2017 Dodge lineup pays homage to its iconic bloodline with

award-winning features and superior craftsmanship. The powerful engines and bold exteriors of each vehicle beg to be taken out on the open road. The Dodge name continues to live on with the same determination that the Dodge brothers had when first creating the Brand. It's time to put the pedal to the metal and live fast.

DOMESTIC. NOT DOMESTICATED.

DODGE

2017 DODGE DURANGO

//// Durango R/T shown in White Knuckle with Brass Monkey Appearance Package.

Compromise. Sometimes that can be as bad as a four-letter word. At least that's how Dodge engineers see it. That's why Durango was created with an innate stubbornness. Under no circumstances do we believe impressive fuel efficiency — up to 26 mpg hwy* — means sacrificing power. That spacious available seven-passenger seating means your gear feels the crush. Or that a vehicle with utility in its name can't coexist with plush, upscale interior details. When push comes to shove, Durango is all in with an incredible amount of horsepower capable of pulling an equally incredible towing rating, and plenty of technology to keep you entertained and connected, mile after mile. Without apologies, this is the 2017 Dodge Durango.

*EPA estimated 19 mpg city/26 mpg highway with 3.6-liter engine (RWD), when properly equipped. Actual mileage may vary.

THE 7-SEAT CHARGER

DODGE DNA RUNS DEEP // Its capability and roominess qualify Durango as an SUV. But the available HEMI® engine under the hood gives it the iconic soul of a Dodge muscle car and churns out best-in-class V8 power^{[1]*}. The raw power lurking underneath isn't the only thing that separates Durango from the pack. Durango's armor is forged to highlight its athletic profile. It starts with a fierce split-crosshair grille filled with a modern mesh texture and a bulked-up hood with a powerful-looking profile. Striking projector headlamps with embossed Dodge logo, projector fog lamps and available LED daytime running lamps (DRLs) shine like crown jewels. Light up the night with a full-width LED racetrack taillamp and opt for available dual bright exhaust tips that remind those behind you why you're out in front.

//// Durango R/T shown in Bruiser Grey.

*A note about this brochure: all disclaimers and disclosures can be found on page 24.

GET PERSONAL

ALL SYSTEMS: GO ///// Every Durango model features a standard seven-inch reconfigurable digital gauge cluster. From here you get real-time information on performance, available navigation and vehicle status in full color and with rich graphics. The customization is near limitless and programmable by you.

UCONNECT® SYSTEM ///// Engineered with technology, Uconnect brings a range of communication and entertainment services directly to Durango. Intuitive and customizable, available Uconnect systems include a touchscreen display up to 8.4 inches and steering wheel-mounted controls that operate features like a Bluetooth® enabled phone, Voice Command^{1,2} 3D navigation, HD radio, cruise control and more. Visit driveuconnect.com for a list of available options.

REAR-SEAT ENTERTAINMENT // Opt for the Blu-ray™/DVD system and entertain rear-seat passengers via two nine-inch screens. The system keeps the peace between movie buffs and gaming fanatics with rear-seat HDMI/USB ports that let passengers tap into the entertainment system and use each screen independently of each other.

GET THE JAMS PUMPIN' // Opt for Beats™ Premium Audio and experience meticulously tuned music the way the artist intended it to be heard. The available system includes an additional 50 watts of power per channel, nine premium speakers, a 506-watt amplifier and a subwoofer.

//// Durango Citadel shown with Anodized Platinum Appearance Package (late availability).

SEATING AND STORAGE **FOR MILES**

All up, all down or someplace in between — somewhere in Durango's 50 different seating configurations you're sure to find your sweet spot. Available seven-passenger seating includes a fold-flat front-passenger seat, 60/40 split-fold-flat second-row reclining bench seat with integrated padded center armrest with cup holders, and 50/50 split-folding third-row seats. Opt for cloth or heated leather-trimmed fold-flat second-row Captain's Chairs with soft-touch armrests and a floor-mounted mini console with cup holders for six-passenger seating.

AWD

NICE TRY, MOTHER NATURE. NICE TRY.

ALL-WHEEL DRIVE (AWD) ///// Durango was designed for uncompromising and refined performance even in the worst conditions. Forge on in confidence with available AWD. The system helps enhance driver confidence by leveraging the SUV's 50/50 weight distribution. Durango offers two AWD systems — one for the HEMI® V8 and one for the Pentastar® V6-powered models — each one greatly enhances the vehicle's traction and handling by delivering a smooth driving experience over a wide range of road conditions. On V8 models, AWD includes a low range on the transfer case for extreme 4x4 situations.

SAFETY & SECURITY FEATURES

PARKSENSE® REAR PARK ASSIST^[12] //// When the vehicle is in Reverse, this system can sense objects at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring the vehicle to a stop. (Available on Durango.) For Journey and Grand Caravan, this available system detects objects within 6.5 feet of the backup pathway and provides both an audible chime and visual warning.

RAIN BRAKE SUPPORT //// When the windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard on Durango.

BLIND SPOT MONITORING (BSM)^[7] WITH REAR CROSS-PATH DETECTION^[12] //// Radar continually monitors rear vehicle blind zones and will visually and audibly alert the driver when a vehicle is sensed in the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available on Durango and Grand Caravan.

ADAPTIVE CRUISE CONTROL (ACC)^[13] WITH STOP //// Helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available on Durango.

FORWARD COLLISION WARNING (FCW)^[14] WITH ACTIVE BRAKING //// Forward-facing radar sensors detect when the vehicle may be approaching another object too rapidly and the system alerts the driver with both an audible chime and a visual warning. Available on Durango.

PARKVIEW® REAR BACK-UP CAMERA^[12] //// This system displays an accurate visual reference of what is behind the vehicle when it's in Reverse. Available on Durango, Journey and Grand Caravan.

READY ALERT BRAKE (RAB) //// The system anticipates situations when the driver may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)^[5] pump to precharge the brake system in order to decrease the time required for full brake application. Standard on Durango.

ELECTRONIC STABILITY CONTROL (ESC)^[5] //// This system is designed to assist drivers in maintaining control of their vehicle during extreme steering maneuvers. ESC^[5] senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard on Durango, Journey and Grand Caravan.

ALL-WHEEL DRIVE (AWD) //// A system that automatically detects wheel-slip and sends additional power to the wheels with the most traction. Available on Durango and Journey.

ANTILOCK BRAKE SYSTEM (ABS) //// Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard on Durango, Journey and Grand Caravan.

//// ALWAYS AT YOUR SERVICE. The story of Mopar began nearly 80 years ago with a focus on motor parts and the introduction of a simple can of antifreeze. Through the decades, we have grown into so much more. Today, as the official service, parts and customer care provider for FCA US LLC Brand vehicles, we walk alongside you as your partner in the vehicle ownership experience. That's why we offer authentic parts and accessories designed by the same engineers that created your vehicle to make it truly *yours*. It's why our team is comprised of expert dealer technicians who know your make and model best, armed with leading-edge diagnostic technology no one else can match. And it's why we've created unique services like Mopar Owner Connect, Express Lane Service and Mopar Vehicle Protection® plans to offer convenience and peace of mind. In short, we are not only here to service cars, trucks, minivans and SUVs — we are here to service people's lives. It's this commitment that fuels who we are. And it's our promise to you that Mopar will always be at your service. See your dealer for the full line of Authentic Accessories available for your Dodge vehicle, or visit mopar.com

5 YEAR/60,000 MILE¹⁸
POWERTRAIN LIMITED WARRANTY

[1] Based on 2016 *Ward's* Mid-size Sport Utility Vehicle. Excludes other FCA US LLC vehicles. [2] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. [3] SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. **If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. [4] For children 48 – 85 lb and up to 4'9" [5] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [6] The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [7] Always check visually for vehicles prior to changing lanes. [8] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit UconnectPhone.com for system and device compatibility. [9] WiFi subscription required. Vehicle must be registered with Uconnect Access and fulfill minimum subscription requirements. Vehicle must be properly equipped and in active and usable cellular range for WiFi usage. WiFi Hotspot does not enable direct communication between multiple in-vehicle devices. Factors affecting the performance of WiFi Hotspot include: cellular network, signal strength and quality, time of day, number of channels used by the service provider, type of connection, number of clients using WiFi Hotspot and client device. This feature is not intended for use by the driver while the vehicle is in motion. Always drive safely. [10] The 9-1-1 Call button will connect you directly with Emergency Assistance. If you accidentally press the button, you have 10 seconds to cancel the call by either pressing the 9-1-1 button on the rearview mirror or the Cancel button on the Uconnect touchscreen. [11] Provides direct-dial access to Roadside Assistance Service. Vehicle must be within the United States, have network coverage and be registered with Uconnect Access with an active subscription that includes the applicable feature. Additional roadside assistance charges may apply. Check warranty for details. [12] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving, always be aware of your surroundings. [13] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [14] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [15] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraints. [16] Uconnect Access is available only on equipped vehicles purchased within the 50 United States. Services can only be used where cellular coverage is available, see coverage map for details. For a complete list of Uconnect Access services, please visit http://www.driveuconnect.com/features/uconnect_access/packages/. Vehicle must be registered for Uconnect Access and fulfill minimum subscription requirements. [17] LDW is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. [18] Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.
